

Training Project

2018 Application and Report Forms

The EBF Youth and Children Workers Committee (EBF Y&C) has set aside a small fund to support local training events in 2018. Every national youth and children department/organisation that is a member of the EBF can apply for financial support from EBF Y&C. The maximum amount a country can apply for is 300 EUR. This is a practical way in which the EBF family can express the love of Christ for the development of youth and children work.

PLEASE NOTE:

- ✓ The application form (Part A) must be filled in and submitted electronically no later than April 30, 2018
- ✓ After completion of the training event all supported projects must report to the EBF Y&C by submitting Part B of this document. Detailed reports are to be delivered either during the Annual Conference or in writing accompanied by pictures if possible. In case you cannot send a representative to the conference the report must be submitted by December 1, 2018.
